

PLANTS FOR A CUTTING GARDEN

Farmington Gardens 21815 SW Farmington Rd, Beaverton 503.649.4568 www.farmingtongardens.com

Bouquets of cut flowers are a source of great pleasure to many gardeners, and their friends. While the majority of perennials can be used for cutting, our list focuses on those that are long-lasting once cut. Much of the success of cut flowers depends on how they are harvested. Remember to cut blooms during the coolest part of the day, in the early morning. We recommend taking a bucket of water into the garden and immediately placing your cut flowers in up to their necks as some flowers begin to seal over the cut almost immediately, which will definitely shorten the lifespan of the flower in the vase. Put the bucket in a cool place and let the flowers have a long drink before arranging them. Leaves below the water line should be removed, and woody stems should be crushed at the base. Most flowers benefit from having their stems recut under water as they are arranged. Change water daily.

A plant needs its flowers only to set seed and cutting them will not weaken the plant – it may even make it stronger. Leaves are needed for the plant's survival, so cut these sparingly, leaving at least two-thirds of the leaves on the plant.

Perennials

botanical name	common name
<i>Achillea</i>	Yarrow
<i>Aconitum</i>	Monkshood
<i>Alcea spp.</i>	Hollyhock
<i>Alchemilla mollis</i>	Lady's Mantle
<i>Allium spp.</i>	Allium
<i>Alstromeria spp.</i>	Peruvian Lily
<i>Anemone hybrids</i>	Anemone
<i>Aquilegia spp.</i>	Columbine
<i>Artemesia</i>	Artemesia
<i>Aster spp.</i>	Aster
<i>Astrantia major</i>	Masterwort
<i>Boltonia</i>	Boltonia
<i>Campanula</i>	Canterbury Bell
<i>Catananche</i>	Cupid's Dart
<i>Centaurea cyanus</i>	Bachelor Buttons
<i>Centranthus</i>	Jupiter's Beard
<i>Chrysanthemum maximum</i>	Shasta Daisy
<i>Chrysanthemum morifolium</i>	Chrysanthemum
<i>Coreopsis grandiflora</i>	Coreopsis
<i>Crocsmia</i>	Montbretia
<i>Delphinium belladonna</i>	Delphinium
<i>Delphinium elatum</i>	Delphinium
<i>Dianthus spp.</i>	Sweet William
<i>Digitalis</i>	Foxglove
<i>Echinacea purpurea</i>	Purple Coneflower
<i>Eryngium</i>	Sea Holly
<i>Eupatorium</i>	Joe Pye Weed

botanical name	common name
<i>Freesia vars.</i>	Freesia
<i>Gaillardia grandiflora</i>	Blanket Flower
<i>Gaura</i>	Indian Feather
<i>Geum</i>	Geum
<i>Gladiola spp.</i>	Gladiola
<i>Gypsophilia paniculata</i>	Baby's Breath
<i>Helenium</i>	Helenium
<i>Heuchera sanguinea</i>	Coral Bells
<i>Iris spp.</i>	Iris
<i>Lavandula</i>	Lavender
<i>Liatris spicata</i>	Gayfeather
<i>Lilium spp.</i>	Lily
<i>Limonium spp.</i>	Statice
<i>Monarda</i>	Bee Balm
<i>Paeonia lactiflora</i>	Peony
<i>Penstemon</i>	Penstemon
<i>Phlox, tall varieties</i>	Phlox
<i>Rudbeckia</i>	Rudbeckia
<i>Salvia spp.</i>	Salvia
<i>Scabiosa</i>	Pincushion Flower
<i>Sedum 'Autumn Joy'</i>	Autumn Joy Sedum
<i>Sidalcea</i>	Sidalcea
<i>Solidago</i>	Goldenrod
<i>Thalictrum</i>	Rue
<i>Verbascum</i>	Verbascum
<i>Veronicastrum</i>	Culver's Root
<i>Zantedeschia spp.</i>	Calla Lily

Grasses

botanical name	common name
<i>Briza media</i>	Quaking Grass
<i>Calamagrostis</i>	Reed Grass
<i>Miscanthus</i>	Miscanthus
<i>Panicum</i>	Switch Grass
<i>Pennisetum</i>	Fountain Grass
<i>Stipa</i>	Feather Grass
<i>Typha l. 'Variegata'</i>	Cattail
